- Teacher Appreciation Week 5/4-8 – Beginning stages of planning. Budget allowance \$750.
- **Mom’s Breakfast** 05/8
- **Ice Cream Social** 5/10 - ice cream ordered

Principal’s Report (Jen Opie)

Mrs Opie gladly received approval for collaboration station in old computer lab. Regarding other school wide improvement projects, she has been in communication with Dr. Katie Collier, Assistant Superintendent of Elementary Instruction about possible funding for Project Lead the Way Materials. Additionally, the district may fund the launch and access of a new ELA tech program similar to TenMarks for math. Mrs. Opie is still exploring a possible science lab and purchase of “mystery science” curriculum available for ½ off - which, in part, may be funded by our school’s building funds. Many exciting and new things made available to our students this upcoming year!!
